Seunghwan Bang

shbang1422@unist.ac.kr 010-2718-1422 Ulsan,South Korea
http://shwanbang.github.io

Education

Mar 2020 – Present **Ulsan National Institute of Science and Technology (UNIST)**
Computer Science and Engineering
Current GPA: 3.71 / 4.30

Research Interests

Vision 3D vision, Generative
Data Data-Mining

Experience

Feb 2024 – Present **Machine Learning, Vision & Language Lab (MVL Lab)**
Research Intern
Supervisor: Taehwan Kim

Sep 2023 – Jun 2024 **MTH211: Statistics**
Teaching Assistant

Courses

Mathematics	Applied Linear Algebra, Differential Equations, Discrete Mathematics, Probability & Random Process
Advanced Programming	C++
System Programming	C
Data Structures	Java
Computer Architecture	Python
Operating Systems	C
Introduction to Algorithms	C
Introduction to Data Mining	Java, LaTeX
Natural Language Processing	Python, LaTeX

Projects

hi

Awards & Scholarship

2020 – Present **National Science & Technology Scholarship**
Korean Scholarship Foundation
except. 2021–2022 (military service)
